IONTO-COMED revolutionizes the cosmetics industry with a world debut

Karlsruhe, 28.04.2023: IONTO-COMED introduced the GlowSolution, a device innovation that has convinced a large number of cosmeticians and offers a luxurious treatment with four treatment steps in one device. Building on this, the brand presented a revolutionary world novelty at BEAUTY Düsseldorf 2023 - GlowSolution Reverse Needling.

The ultrasound-free alternative to the classic hydrodermabrasion devices, impresses with a unique glow-needling with new DIP (Dynamic-Intake-Perforation) technology. By reversing the classic umbrella effect, the skin is evenly sucked towards the needles, instead of being pressed into the taut skin. Thus, even treatments directly under the eye and on the eyelid are possible, unlike with traditional microneedling.

Another special feature is, that the active ingredient liquid is automatically fed into the handpiece via a hose system and permanently incorporated. The combination of the four treatment steps GlowPurify, GlowPolish, Reverse Needling and GlowPush-up, results overall in smoother skin with perfect glow, free of downtime as well as without bleeding.

"With GlowSolution Reverse Needling, we offer a new treatment that meets the needs of every age group and provides an instant glow. Our world first allows newcomers as well as professionals to work easily as well as precisely." - Julian La Fontaine, Managing Director IONTO Health & Beauty GmbH.

About IONTO Health & Beauty GmbH

IONTO Health & Beauty GmbH combines the strong brands IONTO-COMED, SÜDA and CARE MORE and offers a wide range of innovative and practical products for wellness, cosmetics and foot care & podiatry - from devices and treatment chairs and tables to consumables and complete cabin equipment.

IONTO-COMED

As one of the leading suppliers in the field of apparatus cosmetics, IONTO-COMED develops and produces the equipment with which cosmeticians can effectively and sustainably help their customers to achieve more beauty, relaxation and well-being.

SÜDA

As a pioneer of modern foot care, SÜDA has been manufacturing highly functional equipment for foot care and podiatry for 90 years. With an exceptionally broad spectrum - from dry and wet technology to compressed air technology and combination systems to pneumatic units as well as highly functional equipment variants - SÜDA offers the right solution for every requirement.

CARE MORE

With around 3,000 articles from the fields of cosmetics, foot care, wellness and nails, CARE MORE as a full-range supplier provides cosmeticians professionally and reliably with everything they need for their daily work in the institute and practice. In addition to a large selection of well-known brand products, CARE MORE offers a variety of interesting private labels - quality products with an excellent price/performance ratio.
