SÜDA launches new innovative dry technique device on the market

Karlsruhe, 24.04.2023: SÜDA offers a comprehensive portfolio of various products for foot care and podiatry. Especially the devices for dry and wet technique treatments, enable the professional staff to work proficiently and accurately. Recently, SÜDA expanded the range of dry technique equipment with the SÜDA V.

The SÜDA V brings foot care to a new level with different features. The operation takes place via a large touch display. All steps are explained by the device and manual interventions, e.g. a change of the dust bag, are signaled. The memory function allows the individually set parameters to be saved for future treatments. Thus, it is possible to select the right cutter from the cutter catalog with suitable setting of the ideal rotation and suction power.

The light as well as whisper-quiet (48dB) SÜDA V works professionally as well as powerfully and is also suitable for mobile foot care due to the option of a rechargeable battery. By using proven motor technology (maintenance-free suction motor), SÜDA enables a foot care device with longevity. In case of problems, remote maintenance via Wifi is feasible. The handpiece is slim and easy to grip and ensures fatigue-free work. Approval as a medical device is currently ongoing.

„We always strive to meet the needs and wishes of our customers and to constantly develop further. With the SÜDA V, we have achieved this.“ - Julian La Fontaine, Managing Director IONTO Health & Beauty GmbH.

About IONTO Health & Beauty GmbH

IONTO Health & Beauty GmbH combines the strong brands IONTO-COMED, SÜDA and CARE MORE and offers a wide range of innovative and practical products for wellness, cosmetics and foot care & podiatry - from devices and treatment chairs and tables to consumables and complete cabin equipment.

IONTO-COMED

As one of the leading suppliers in the field of apparatus cosmetics, IONTO-COMED develops and produces the equipment with which cosmeticians can effectively and sustainably help their customers to achieve more beauty, relaxation and well-being.

SÜDA

As a pioneer of modern foot care, SÜDA has been manufacturing highly functional equipment for foot care and podiatry for 90 years. With an exceptionally broad spectrum - from dry and wet technology to compressed air technology and combination systems to pneumatic units as well as highly functional equipment variants - SÜDA offers the right solution for every requirement.

CARE MORE

With around 3,000 articles from the fields of cosmetics, foot care, wellness and nails, CARE MORE as a full-range supplier provides cosmeticians professionally and reliably with everything they need for their daily work in the institute and practice. In addition to a large selection of well-known brand products, CARE MORE offers a variety of interesting private labels - quality products with an excellent price/performance ratio. All under the motto: "Top quality - fair price".
